

Algebra 8 Course Information

Mrs. Fournelle

lfournelle@flaschools.org

In-Class Expectations

- Materials: Bring these things with you to class every day.
 - Scientific Calculator
 - Pencils/Pens
 - Expo Dry Erase Marker
 - Note and Practice Packets

- Participation: All students are expected to do these things every day.
 - Bring materials.
 - Take notes and/or take part in the day's activity.
 - Give everything your best try.
 - If you are confused, ask for help or clarification.

- Showing Respect
 - Be kind to everyone.
 - Take care of our classroom. Keep it clean and looking like new.
 - Contribute to class in a positive way.
 - Be okay with making mistakes. That's how your brain grows.

At-Home Expectations

- Be honest with your family when you are asked about work you need to complete at home.

- Internet: Occasionally you will need access to the internet for work at home. If you won't have access to the internet please tell me right away. I am fully prepared to help you get what you need if the internet isn't available.

- Homework
 - Review: You could be asked to complete a set of practice problems.
 - Preview: You could be asked to complete notes or watch a video for the next day.
 - Math Talk: You could be asked to talk to a family member about a math concept.

Grading

- Algebra 8 follows the FLAMS grading policy.
- Academic Achievement (summative)
 - These assessments will be taken and graded after we have spent time learning and mastering a concepts. This is where students will show what they know.
 - Unit Quizzes
 - Unit Tests
 - Projects
- Academic Practice (formative)
 - These assessments will be given frequently and will be used to check for understanding during the unit.
 - Practice Checks
 - Concept Quizzes
